

HUPS

Uninterrupted
Power.
Unmatched
Performance.

PURE SINE WAVE

Perfectly works in high power fluctuations also

ASSC TECHNOLOGY

Longer backup and longer battery life

DURABILITY

Longer life of inverter & appliances

SMART CHARGING

Capable to charge Deep discharge batteries

SMART CUT- OFF SYSTEM

Huge saving on power bills

TECHNICAL SPECIFICATIONS

SALIENT FEATURES*

- Smooth performance on high voltage fluctuations
- Higher Efficiency & Lower conversion loss
- ASSC technology for longer battery life
- No Noise for smoother performance
- Faster Charging at lower voltage @90V
- Dynamic stability & enhanced temperature protection
- User friendly LED indications
- User friendly smart LCD panel for battery voltage and load % in selected models*

APPLICATIONS

Home Appliances

Computer & Server

Run 0.5 HP Monoblock Pump*

BEST SUITABLE FOR

HOME

OFFICE

SHOP
